<b>PO9</b>	Individual and Team Work	Develop self-confidence and should also appreciate importance of working independently and in a team.
<b>PO10</b>	Environment and Sustainability	Development of a responsible entrepreneur who is environmentally sensitive and understands the importance of sustainable development.
<b>PO11</b>	Ethics	Awareness on legal, social and ethical issues in social life and business.

**PROGRAMME SPECIFIC OUTCOMES (PSOs)**

The objective of the curriculum designed for B.A ECONOMICS course is to nurture the technical aptitude of students for professional competency in economic life as well as in business and industry.

<b>PSO1</b>	<b>Demonstrate the knowledge and understanding of economic agents behaviour at micro level and macro-level</b>
<b>PSO2</b>	<b>Students will be able to think critically and correlate the economics knowledge with decision-making with regard to economic planning and economic policies, understanding of conflicts &amp; tradeoffs and welfare implications of economic measures to improve the quality of life in person as well as of community</b>
<b>PSO3</b>	<b>Develop an understanding of the principles, methods of economic analysis in static and dynamic terms and analysis of economic data.</b>
<b>PSO4</b>	<b>Enhancement of Concise and meaningful writing &amp; reporting skills as well as presentation skills, and ability to work productively in a group with co-operation.</b>
<b>PSO5</b>	<b>Develop an ability to prepare for different competitive exams like banking, insurance and taxation and different administrative services exams.</b>
<b>PO6</b>	<b>Encourage students to participate in different co-curricular activities at national and international level and prepare them to compete globally.</b>

## Course Outcomes: EC-21

### Micro Economics-1

### Semester- 1

Type: Core Course (CC) Contact Hours: 40 minutes/day Examination Duration: 3 Hours Mode: Lecture External Maximum Marks: 80 External Pass Marks: 28 (i.e., 35%) Internal Maximum Marks: 20 Total Max. Marks: 100 Total Pass Marks: 35 (i.e., 35%)	<b>Instructions to Paper Setter:</b> 1. The question paper will consist of 10 questions out of which 5 questions in all are to be attempted. 2. Question No. 1 and 2 are compulsory. 3. Two questions (Q. No. 3 to Q. No. 10) will be set from each of the four units. 4. Q. No. 1 will be based on a Case Study followed by four short answer type questions (4 marks each). 5. Q. No. 2 will contain 5 multiple choice type questions (1 mark each) 5 matching type questions (1 mark each) and 3 very short answer questions (2 marks each). The question will be spread over the entire syllabus. 6. All questions carry equal marks.
---	---

**Objective:** This course is designed to expose the students to the basic principles of microeconomic theory. The emphasis will be on thinking like an economist and the course will illustrate how microeconomic concepts can be applied to analyse real-life situations.

**Course Outcomes:** At the end of this course, the student will be able to:

EC- 21.1: Understand the nature and scope of economics, economic problems and demand and elasticity of demand.

EC -21.2: Develop an understanding of consumer behaviour and satisfaction maximisation.

EC- 21.3: Develop an understanding about producer behaviour and profit maximisation.

EC- 21.4: Understand the cost and revenue concepts and their behaviour.
